# Release Notes for Panther POS

# (Version 0.9.35)

## Enhancements

A number of bug fixes and minor enhancements have been made in this release, the following table summarizes the significant changes.

| Title | Description |
|---|---|
| New Spinner | Introduced a new spinner design for loading states across the Panther POS. This new design enhances visual feedback during processing and aligns with the overall look-and-feel of Panther POS. |
| Print the Last Receipt | Fixed an issue where receipts could not be printed after selecting **Print Last Receipt** in certain scenarios, which previously caused app crashes. |
| Additional Walkthroughs added for the Products Main Screen and Modifiers | An additional introductory walkthrough has been added for the **Products Main Screen** and **Modifiers system**.<br><br>This walkthrough is accessible from the Settings screen walkthroughs dropdown menu. |

| Title | Description |
|---|---|
| Reorder receipts table | The order of fields in the receipts table (accessible from the register screen) has been changed to:<br><br>● Date<br>● Time<br>● Customer ID<br>● Customer Name<br>● Receipt ID<br>● Terminal<br>● Number of Promotions<br>● Number of Products<br>● Total $$$<br>● Payment Method |
| Device Management enhancement | The Device Manager in Panther POS has been enhanced to improve its flexibility and functionality.<br><br>Specific enhancements include:<br><br>● **User Interface Updates**: The device popup is dynamically updated when a device is attached or detached.<br>● **Network Resilience**: Network disconnection and reconnection has been improved so that updates to device status are reflected within 30 seconds. |
| USB Cash Drawer full support | Panther POS now fully supports all new NRS USB Cash drawers. |

# Bug Fixes

The following bug fixes have been made in this release of Panther POS.

| Title | Description |
| --- | --- |
| **EODR Other Information Section Enhancement** | Removed the **total** line from the end-of-day report "other information" section to avoid confusion. |
| Picture Upload Fix | Resolved the issue where uploading a picture from the gallery would prematurely cancel; users can now reliably add their own images to product listings. |
| Register Walkthrough Update | Enhanced the register walkthrough with updated help text bubbles. |
| Consumer Tip Line Visibility | Fixed a bug where the consumer tip line disappeared during price checks. |
| **Promotion View - Renew Button fixed** | The Renew button now correctly reactivates expired promotions. |
