

Our new and improved training site,  
**CampNRS.com** is now live!

### Here are some highlights:

POS

Self Install

Marketplace

BR Club

Updates

**POS** - View our practical 'How-To' videos and learn all about each POS category.

**Self Install** - Set up your POS like a pro, with videos and our downloadable self-install guide.

**Marketplace** - Explore the Marketplace and its features, including thermal paper ordering.

**BR Club** - Learn about our built in BR Club customer loyalty program and all its perks.

**Updates** - Visit our notification center to view newly added CampNRS content, including the latest videos and resources.

## What's changed in CampNRS?

- **Videos are searchable.** Extended search can accept phrases and small sentences to best match your search; not only the specific keywords you searched, but also relevant results.
- **English and Spanish.** Videos sections are broken down in both languages.
- **Translation capability.** Site content (not videos) is completely translatable using the google translate tool on the top right of every page.
- **How-to Videos** are broken down into POS button categories, with extended tutorials linked at the bottom of each how-to video
- **Resources and Policies page.** Both pages are accessible through the “more” menu item. Here you'll find important marketing material and downloadable PDFs. (Any content that exists in Spanish as well, is also here.)
- **Updates Center** - The header notifications module gives a short list of recent activity on the site. If you hover over the megaphone icon in the header you can see a few notifications. If you click view all updates, you can see all notifications with a link to what's being referenced in the updates page.
- **You can ask us for help.** On the side of the 'How To' and any other category page there is a sticky sidebar (following you as you scroll down) that says 'Need Help? Click Here'. This triggers a pop-up form. This form is also accessible at the bottom of every page by clicking on 'Need help? Send us a message.'
- **You can give suggestions.** On the bottom of every page there is a 'comments/suggestions' link triggered pop-up form where you can suggest anything or tell us about your user experience.
- **'Super Trooper' Nominee.** At the bottom of each page there is a 'Super Trooper Nominee' link triggered pop-up form where you can nominate any NRS employee to receive recognition.
- **Password protected Employees and Distributors section.** These sections house videos specific to their user type along with different marketing materials for each.
