MY NRS STORE  
MERCHANT APP

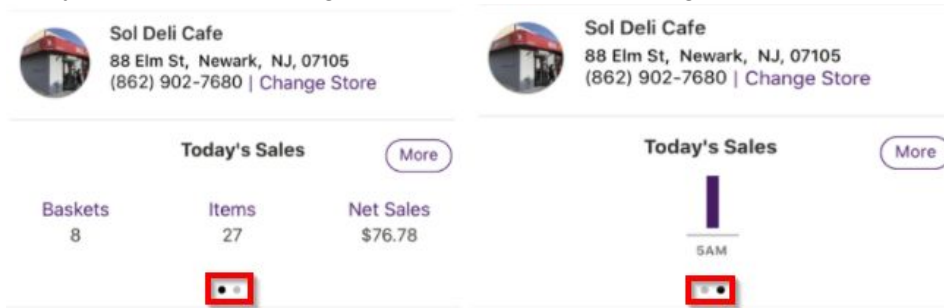

# 01.21 RELEASE

## MY NRS STORE MERCHANT APP

We made improvements to the statistics reports shown on the MY NRS Store mobile app. The app now has more visuals, charts and data which will help you get a clearer overview of how your business is performing. The statistics pages are now generally nicer looking and easier to use!

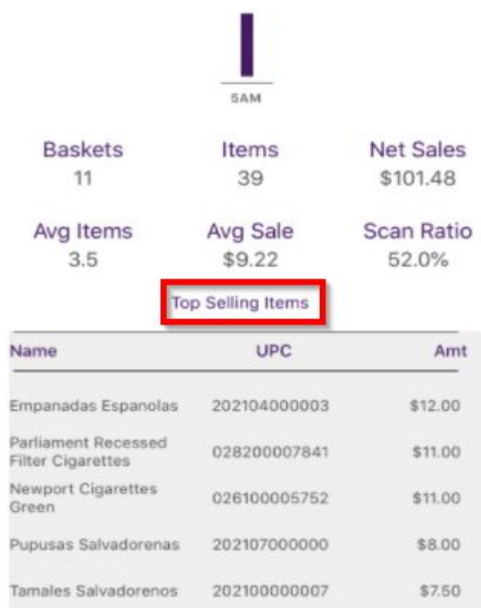

### App Home Page Update

(1) The Visual representation of **Today's Sales** has been enhanced on the home screen. Previously you only had a view of the baskets, items, and new sales numbers. You now have the ability to swipe left and right which now shows a bar graph.

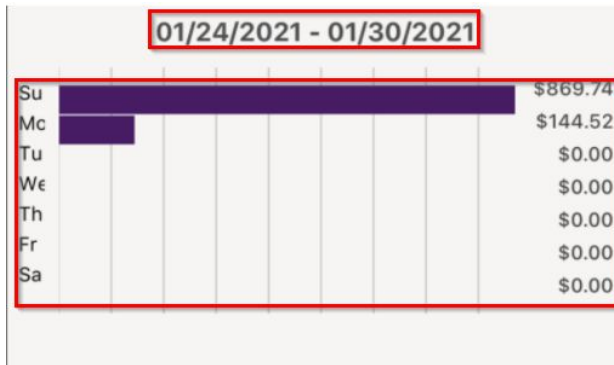

### Statistics Page Updates

(2) On **Store Report > Page 1 in Statistics** we've added a **Top Selling Items Report** broken down by sales by date range. When you sort by yesterday/today/week/month you can now see your top 5 selling items for that time period.

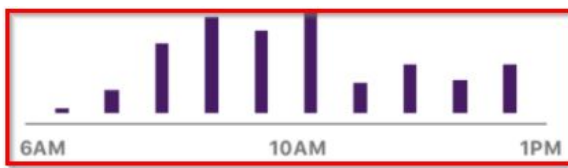

(3) Also on **Store Report > Page 1**, when you filter statistics by “Today”, “Yesterday” or “This Week” there is now a sales breakdown in bar graph format.

**This Week:**

**Today and Yesterday:**

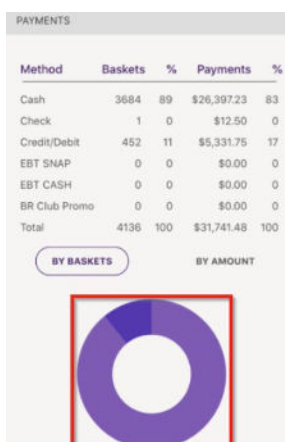

**Baskets**                      **Items**                      **Net Sales**  
 107                              336                              \$869.74

**Avg Items**                      **Avg Sale**                      **Scan Ratio**  
 3.1                              \$8.12                              41.8%

(4) On **Store Report > Page 2** and on **Shift Report**, any departments flagged as “other” will now be recorded in **Net OTHER Sales by Department Report**.

NET OTHER SALES BY DEPARTMENT		
Department	#	Amount
BR Club Coffee & Tea	3	\$5.00
Fee Buster	2	\$1.29
<b>Total</b>	<b>5</b>	<b>\$6.29</b>

(5) On **Store Report > Page 3** (“Payments”), a graphical pie chart has been added to the Payments report. This helps you visualize the percentage paid through each payment method.

(6) On **Store Report > Page 5** (“Other Information”), we are now showing statistics for **BR Club App Orders, Club Redemptions, Lottery Payouts, refunds, In-store Promos, and In-store Discounts.**

OTHER INFORMATION	
BR Club App Orders (gross)	None
Club Redemptions	None
Refunds	None
Instore Promos	None
Instore Discounts	None
Lottery Payout	None
No sales for today	None
Total Cancelled Baskets	None
Total Voided Items	None
Total Discounted Lines	None
Total Price Overrides	None

(7) On **CC Report**, a graphical pie chart has been added for a visual breakdown for accepted card types.
