

ALTRIA DIGITAL COUPON INTEGRATION WITH BR CLUB SHOPPING APP

NRS customers who subscribe to the NRS Tobacco Program (a.k.a. Scan Data program), are now eligible to accept Altria Digital Coupons through the BR Club app. Refer to the NRS Tobacco Program for more information on how accepting Altria Digital Coupons entitle merchants to a higher tier of reimbursements.

Based on proximity of where the consumer is located these incentives or offers will populate in the BR Club app and will allow consumers to select the NRS store closest to them.

The following points in this document will explain how a merchant can easily apply the coupon discount and record it for later reporting purposes. The section are:

- How to create the Altria Digital Coupon payment type
- How to configure Altria Digital Coupon in the POS
- How to associate Altria Digital Coupon on Tobacco Sale.
- How the Altria Digital Coupon is reflected in Reporting
-

Note: A small number of states do not allow digital tobacco coupons.

Create Altria Digital Coupon Payment Type

The merchant will have to define the 'Altri Dig Coupon' in the payment types section.

Edit Payment Type

Button text:

Is it a payout? No

Fully paying for a basket with this Payment Type will not trigger basket closing. It will be necessary to press the "Cash" or "Close" button to close the basket.

Block cash redemption? Yes

If set to "yes", the button will not work unless there are items in the basket.

Do you need to enter a payment amount? Yes

If set to "no", the button can be used to pay for the entire remaining balance automatically.

Reimbursements

Merchants who accept Altria Digital Coupons are reimbursed directly from Altria without the need for any reporting such as scandata submission. Therefore, NRS is not responsible for reporting any Altria Digital Coupon data to Altria on behalf of the merchant, and is generally not involved in the reimbursement process. The “Altri Dig Coupon” values reported in Store Statistics report are intended to aid our customers in managing reimbursement amounts themselves.
