POS SETUP PREPARATION

PREPARING FOR YOUR NEW ARRIVAL:

1

Within 7-14 business days, an NRS agent will call you to arrange your POS Setup appointment.

NOTE: OWNER/SUPERVISOR/MANAGER WILL NEED TO BE PRESENT DURING THE APPOINTMENT.

Within 3 weeks total, your new point of sale will be delivered & ready to 'plug & play'.

2

You'll need a 24" wide x 24" high x 24" deep open counter space for the POS unit* (plus add additional 16" space if you've purchased a scale.)

See our handy guide on the right.

3

Internet is necessary for setup and functioning of your POS. Make sure you have a working, hard wired internet connection, within six feet of the unit. The POS system is not compatible with Wireless Internet Connections.

4

We recommend you prepare up to **20** items to scan during your appointment. We'll guide you on how to scan your products and provide basic training on using your POS. You'll be encouraged to ask questions.

SELF-INSTALLATION REMOTE OVERVIEW TRAINING WILL TAKE APPROX. 2-3 HOURS.

IF YOU PURCHASED IN-PERSON SERVICE, SETUP AND TRAINING WILL TAKE APPROX. 3-4 HOURS.

NOTE: OWNER/SUPERVISOR/MANAGER MUST BE PRESENT FOR ALL APPOINTMENTS.

AT ANY TIME, PLEASE VISIT CAMPNRS.COM FOR HOW-TO VIDEOS & RESOURCES

Welcome to the NRS POS Family!
