*The NRS eWIC program is subject to terms and conditions. Visit www.nrsewic.com for pricing and complete details. Available in select states only and the merchant must have a WIC ID from the applicable state. Requires NRS POS system and NRS Pay credit card processing services, which are each subject to additional pricing, terms and conditions. If the eWIC service cancelled by NRS due to non or late payment by merchant, and merchant requests re-instatement, then NRS may reinstate the service provided that merchant pays all past and current due amounts for the service and a reinstatement fee of \$100. Reinstatement of service is solely within NRS's discretion. Certain costs for the NRS eWIC program may be eligible for reimbursement under state programs. NRS is not responsible for decisions under state programs or for reimbursing vendors or for any errors made by a vendor applying for reimbursement. Reimbursement is only available for hardware/software upgrades, not service, maintenance or transaction fees.

**The monthly fee for the Double Play eWIC + EBT Unlimited! is not eligible for reimbursement under state programs.
