

Speed & Reliability with **Level 2** or **3** **EV Power at Your Location**

Competitive Pricing

As one of the nation's largest EV charger partners, we offer the best pricing in the industry, and pass along savings to you

Smart Site Selection

Our proprietary algorithm helps us accurately predict usage at your location, while also identifying available incentives

ROI Focused

No two sites are the same. With our usage predictions, we are able to customize the solution at each site, to maximize ROI

Aligned Incentives

Our services include 24/7 in-house driver support, and 'round-the-clock' charger monitoring to ensure reliability

Swipe & Charge

No apps, memberships or RFID cards required. Drivers of any vehicle can simply scan the QR/swipe CC payment and charge

Revenue Without Extra Expenses

With over 1,000+ projects completed, we ensure your chargers are online, operational, and profitable

Turnkey Solutions

We customize for your site, with acquiring incentives, site design, charger installation, and post-deployment maintenance

Future Proof

We only deploy the latest scalable technology, with chargers ranging from 12-480kW. We grow with your business

Our program was built by EV drivers with the aim of making charging fast & easy.

Turnkey

Fast Charging

⚡ SITE SELECTION

We leverage our extensive experience and work with our hosts to find the best site to maximize usage and impact while minimizing disruption and cost

⚡ PERMITTING

We handle all aspects of the paperwork needed to get your site on line including permitting, new address applications, and inspections

⚡ MAKE READY

Our project managers work directly with your local utility provider to ensure adequate power is supplied and installed to power the charging stations

⚡ INSTALLATION

Our team of master electricians and construction crew will professionally install all charging equipment, signage, and bollards at no cost to the our hosts

⚡ OPERATIONS

We provide monthly usage reports so you can see how the chargers are being used. We also handle all billing including costs of electricity, insurance, and connectivity

⚡ REVENUE

At the end of each month our site hosts will receive a revenue share directly deposited to their bank account

⚡ MAINTENANCE

We receive real time notifications of any issues with our equipment. As certified maintenance partners for all hardware we employ, we handle maintenance issues within 72 hrs., ensuring a 97% uptime, at no cost to you
