

Customers can now redeem loyalty rewards when ordering online from your store on the BOSS Local app.

Redeeming Loyalty Points Rewards:

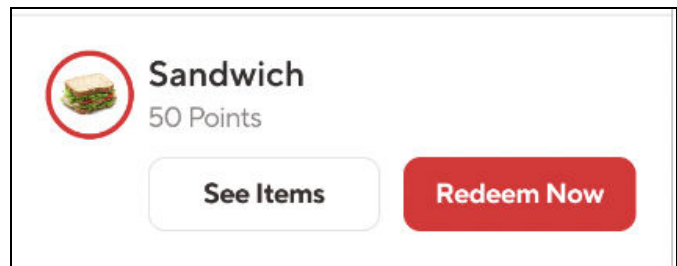

Once a customer has earned enough points, they can redeem a free reward using the BOSS LOCAL app:

First, Customer taps “Redeem Points” button on BOSS Local app.

Next, Customers taps “Redeem Now” for the point level that contains the item that is being redeemed.

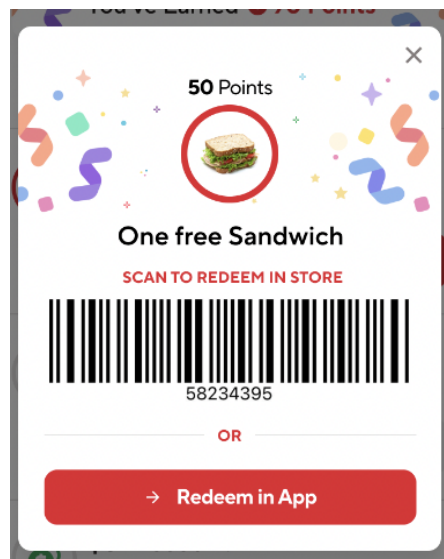

The “Redeem Now” button will only be red/active if Customer has enough points:

The redemption popup appears:

Customer will need to select “Redeem in App” and then select the free item they want to add to their order.

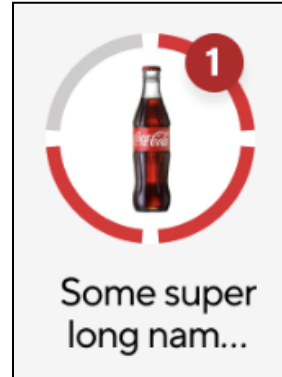

The discount will be applied for that item and points will be deducted from Customer’s total.

Redeeming Loyalty Club Rewards:

Once customers have purchased the required quantity they can redeem a free Club reward.
Redemption works very similar to Loyalty Points:

First, Customer taps the circle for the Loyalty Club they are redeeming from.

A popup window will appear.
The customer taps "Redeem Now".
Now the redemption popup appears.

Customer selects "Redeem in App"
and then selects the free item they
want to add to their order.

Discount will be applied for that
item and a free redemption will be deducted
from Customer's total.
