

Panther POS

Release Notes for Panther POS Version .53

February 2026

New Features

Quick Discount

This feature allows cashiers with permissions to give line item discounts as well as basket discounts from the **Quick Discount** popup: Discounts for the whole basket, and for specific products in the baskets (manual selection of one, multiple, or even all products).

Training Center

Panther **Training Center** provides information for you to learn about your Panther POS based on CampNRS. Here you can find **Training Videos** to watch and **Release Notes** to read.

Pay with Coupon

Allows customers to pay with a store coupon in the Panther POS.

Altria PVD Support

Automatically supporting Altria's personalized discounts for chosen consumers on our **Register** through the customer's phone number.
