BOSS Revolution POS Self Signup

We are introducing a new **Self Sign-Up process** for retailers using the BOSS Revolution widget on their NRS POS.

What's New

Retailers who do not yet have a BOSS Revolution account linked to their POS will now be able to create and link an account directly from the POS.

How It Works

1. The retailer clicks the **BOSS Solutions Widget** button on their POS.
2. If no BOSS Revolution account is linked, the retailer will see a promotional screen with a **Get Started** button.
3. The retailer clicks **Get Started**.
4. A new screen will display the mobile phone number currently associated with the retailer's POS account.
5. The retailer can either:
 - Use the phone number shown, or
 - Update the phone number if it is incorrect.
6. The retailer clicks **Continue**.
7. A verification code will be sent by text message to the mobile phone number provided.
8. The retailer enters the verification code on the POS.
9. Once verified, the BOSS Revolution account will be created and linked automatically.
10. The retailer will then have access to the BOSS Revolution widget on their POS.
