

# Panther .56 Release Notes

April 2026

---

## Modifiers Reports

Modifiers Report screen allows an in-depth look of how store modifiers contribute to store revenue and sales by presenting a report of the following: Modifiers Sale Summary, Best Selling Modifiers, Top-Modifier Driving Products, graphs: Modifier Revenue, and Modifiers Sales to Total Sales.

## Label Printing Support

Allows printing store labels with a label printer through the **Panther POS**, as well as directly adding printers, including both wired and wireless.

## Local Manager Approval

Authorized managers can approve high risk requests from cashiers in the store through a direct request from the register.

## Promotion - Preview

Provides the ability to review expected promotion results in the promotion creation process.

## Cash Discount Handling for Split Payment

If a **split payment** is made with both cash and card, payment will be for list price and **not** for cash price, which requires the entire purchase be made in cash.
