Release Summary

Uber Eats POS Integration

We're excited to announce that **Uber Eats** is now available as a third-party integration in **Order Management** - joining DoorDash and Grubhub as part of our growing delivery platform ecosystem.

The **POS** can now be linked to Uber Eats, and all incoming orders can be managed directly from the **Order Management System**.

AVAILABLE FOR NRS PAY RETAILERS:

NRS-UBER EATS INTEGRATION

\$19.95/mo.
1 MONTH FREE
LIMITED TIME ONLY!*

Unified Catalog. Every Order.

Manage **Uber Eats** from your NRS POS Merchant Portal & 'My NRS Store' app:

- ✓ **Real-time Inventory Sync:**
Your POS pricebook autosyncs with Uber Eats, so your online menu is accurate and up-to-date
- ✓ **Improved Catalog Visibility:**
Display your in-stock products on Uber Eats, for easy search results and online ordering
- ✓ **Automated & Centralized Order Management:**
Uber Eats orders go directly into your POS, which reduces errors, saves time
- ✓ **Improved Merchant Experience:**
Your NRS ecosystem manages your Uber Eats menus, hours, analytics, and more

PROFIT BLAST!
GROW YOUR SALES BY 25% OR MORE, WITH NRS-UBER EATS INTEGRATION
MORE ORDERS = MORE BUSINESS = MORE REVENUE!
