Users Screen Improvement

The **Users** screen has been enhanced with a new modern, user-friendly interface.

The screenshot displays a web application interface for managing users. On the left is a vertical sidebar with icons for HOME, REGISTER, PRODUCTS, REPORTS, PROMOS, CUSTOMERS, SETTINGS, and MORE. The top header includes a status bar with 'Synced', '1 device connected', 'Logged Out', and '24 Orders', along with the user profile 'Admin Steve, Owner'. Below the header is a navigation bar with buttons for 'Users' (active), 'My Account', 'Permissions', and 'Timeclock'. The main content area is titled 'Users' and features a '+ Create New Users' button. It is divided into two sections: 'Users Information' and 'Today's Summary'. The 'Users Information' section shows three metrics: Managers (1), Cashiers (1), and Time Clock (1). The 'Today's Summary' section shows: Active Users (1), Number of logged hours (N/A), and Number of Shifts (N/A). Below these is a 'Users' table with columns: Name, User Role, Phone, and Recent login. The table lists three users: Admin Steve (Owner, 08/28/2026 12:48 PM), Manager (Manager, -), and owner (Owner, 06/10/2026 11:59 A). A blue chat bubble icon is visible in the bottom right corner of the table area.
